

# Envision Simi Valley

## Community Workshop 1 on June 16th

Visit [EnvisionSimiValley.com](https://EnvisionSimiValley.com) to learn more

### Event Information

Please join us at the Simi Valley Public Library on June 16th for our first community workshop!

#### Date

Thursday June 16, 2022  
6:00 — 8:00 pm

#### Location

Simi Valley Public Library  
2969 Tapo Canyon Rd  
Simi Valley, CA 93063

We will be going over the Envision Simi Valley project including the goals, previous work completed, and some potential opportunities and constraints.

Most importantly, we want to hear from you! What do you want to see in these areas, and what do you not want to see? You'll have the opportunity to ask questions of the project team and participate in an interactive workshop to add your feedback to boards.

### Project Background

The City of Simi Valley (City) has recently acquired state grants from two California Department of Housing and Community Development (HCD) grant programs to develop a community vision for the Los Angeles Avenue Corridor and the historic Tapo Street Area (see map on reverse side). This vision will identify how the **Los Angeles Avenue Corridor** could become a Downtown area for shopping, entertainment, and mixed use residential development. It would also establish a neighborhood identity for the **Tapo Street Area**, with increased walkability and diverse commercial and residential opportunities. The ultimate goal is for the City to establish zoning and policy to encourage housing construction, attract new businesses, and increase the quality of life in Simi Valley.

### Preliminary Community Visions

#### Los Angeles Avenue Corridor

*The Los Angeles Avenue Corridor will become Simi Valley's downtown and will be established as a focal point of activity that integrates commercial, entertainment, and residential uses in a mixed-use, multi-modal environment. The several existing shopping centers will be enhanced to include an engaging mix of uses with improved connectivity.*

#### Tapo Street Area

*The historic Tapo Street Area will be enhanced to create an authentic and connected neighborhood identity within a pedestrian-oriented transit village environment that promotes diversity of commercial and higher-density residential uses.*
